MM Docket 97-203

RM-9132

Continuing Interest

In the Matter of:

Amendment of Section

73.202(b)

Table of Allotments,

FM Broadcast Stations

Wallace, Idaho and

Lolo, Montana

Mr. William F. Caton  
Acting Secretary  
Federal Communications Commission  
1919 M Street NW  
Room 222  
Washington, D.C. 20554

Dear Mr. Caton:

Please find enclosed, an original and four (4) copies from Hawkeye Radio Properties, Inc., expressing a continuing interest to amend the FM Table of Allotments, 47 C.F.R. 73.202(b) to substitute FM Channel 248C3 for FM Channel 248C2 at Wallace, Idaho, and to reallocate the channel from Wallace, Idaho to Lolo, Montana, as that community's first local FM service.

An additional copy of this letter is attached to the enclosed postage-paid envelope. Please date-stamp and return to me.

If you have any questions, please call (608)831-8708.  
Thank you.

Enclosures:

cc: Mr. John A. Karousos,  
Chief, Allocations Branch

Respectfully submitted,

*Dale A. Ganske*

Dale A. Ganske, President  
Hawkeye Radio Prop., Inc.

P.S. If this proposal is ultimately adopted, Hawkeye Radio Prop., Inc. will promptly apply for authority to construct and operate a new radio station at Lolo, Montana.

FEDERAL COMMUNICATIONS COMMISSION  
WASHINGTON, D.C. 20554

NOV - 7 1997

**FCC MAIL ROOM**

In the Matter of

Amendment of Section 73.202(b) MM Docket 97-203  
Table of Allotments, RM-9132  
FM Broadcast Stations  
(Wallace, Idaho and Lolo, Montana)

To: The Chief, Allocations Branch

COMMENTS

Comes now Hawkeye Radio Properties, Inc. (hereafter "Hawkeye") which has before the Commission consideration for a petition for rule making seeking to amend the FM Table of Allotments by changing its community of license from Wallace, Idaho, permittee of Station KQWK (FM), Channel 248C2, to Lolo, Montana, and to modify its authorization to specify operation on Channel 248C3. Hawkeye's desire is to bring a first local transmission service to Lolo, and re-affirms its intention to apply for Channel 248C3 if it is reallocated to that community, as requested, and if authorized, to build the station promptly.

The allotment of Channel 248C3 to Lolo is mutually-exclusive with Channel 248C2 at Wallace, Idaho. As such, Hawkeye seeks to invoke the provisions of Section 1.420(i) of the Commission's Rules, which permit the modification of a station's license to specify a new community of license without affording other interested parties an opportunity to file

competing expressions of interest. 1/

Hawkeye also requests a concomitant modification of its Construction permit for Station KQWK(FM) to specify Lolo, Montana as its community of license.

In support of this proposal, the following information is herewith submitted for consideration:

The proposed change in the table of allotments will not create a short-spacing to any existing station, pending application or vacant allotment, and other than the deletion of Channel 248C2 at Wallace, Idaho, will not require the reallocation of any station, pending application or vacant allotment.

Lolo is located in Missoula County in West Central Montana, approximately 12 miles south-southwest of Missoula, and serves as a hub at the junction of major State highways 12 and 93. Highway 12 turns west into the State of Idaho thru internationally renowned Lolo Hot Springs and the Clearwater National Forest in Idaho, some 33 miles away. Highway 93 continues South into the Bitterroot Valley and enters Idaho within approximately 65 miles.

The 12 mile stretch from Missoula to Lolo on Highways 12/93 is not contiguous, is open-private land, devoid of retail development. That is abundantly clear, when making the 12 mile drive.

The city population is 2,746 (an increase of 14% from 1980 to 1990), the county population is 78,687, and city of Missoula population is 42,918. 2/

35,769 people, or 45 1/2% of Missoula County's population, reside outside of the city of Missoula.

---

1/ See Modification of FM and TV Authorizations to Specify a New Community of License ("Change of Community R&O"), 4 FCC Rcd 4870 (1989), recon. granted in part ("Change of Community MO&O"), 5 FCC Rcd 7094 (1990).

2/ Population figures from the 1990 Census.

Currently, there are no broadcast stations (AM, FM or TV) licensed to serve Lolo, Montana.

The allotment of Channel 248C3 at Lolo would further the objectives of Section 307(b) of the Communications Act of 1934, as amended, by providing a first local service at Lolo, Montana, while not depriving Wallace, Idaho of its sole broadcast outlet. Wallace, which has a population of 1,736, would retain service from Station KWAL(AM), a fulltime AM station operating on 620 kHz. In addition, a construction permit has been granted for KWIL(FM), Channel 264C, at Wallace.

Although unincorporated, Lolo possesses many of the requisite "social, economic and cultural components that are commonly associated with community status." 3/ Lolo has its own Post Office and zip code (59847)(see Exhibit A), Lolo shares telephone exchange (273) with the nearby smaller community of Florence (see Exhibit B), and features 26 names in the phone book that incorporates the name Lolo (see Exhibit C).

In comparison, East Missoula, Montana, just 1 mile north-east of Missoula; is also unincorporated. East Missoula's 1990 population is 1,707; it does not have its own zip code (see Exhibit A), shares its telephone exchange (549 and 543) with Missoula (see Exhibit B), and only features 3 names (see Exhibit D) incorporating the name East Missoula in the same phone book. In addition, East Missoula, has radio station KLCY(AM) operating at 930 kHz since 1959.

Lolo's population of 2,746 is the largest within a 45 mile radius of Missoula, with only Hamilton, Montana, some 30 miles south of Lolo, (pop. 2,737) rivalling that of Lolo's. Hamilton, has an AM (KLYQ) at 1240 kHz and an FM (KBMG) at 96.5 mHz licensed to its community.

Hawkeye, to further demonstrate that Lolo is sufficiently independent of the central city of Missoula to justify a first

---

3/ See Semora, North Carolina, 5 FCC Rcd 934 (1990); and Trade Tennessee and Beech Mountain, North Carolina, 6 FCC Rcd 5835(1991).

local service preference, contacted several people in the community, one of which was Middle School Secretary, Vicki Hiller (406) 273-2404. Vicki said that Lolo now has at least a half-dozen churches, including the Catholic, Baptist, Morman, Non-Demoninational, and a couple of others. There is a local Lions Club located in Lolo, Community Council President- Diane Mannel-Mitchell, and School Board President-Skip Yates. While visiting Lolo this Summer, I talked with several residents who all considered Lolo a separate and distinct community from Missoula, and talked of incorporating sometime in the near future. Ms. Hiller echoed those sentiments. The 12 mile drive, as stated before, between Lolo and Missoula is definately not contiguous, devoid of any retail development, and very little residential development. It consists almost entirely of open, private land.

Lolo has a thriving business community including the Lolo Shopping Center (see attached pictures as Exhibit E), and a fast-food franchise Subway Restaurant (see also Exhibit E).

Lolo has two schools,, (see Exhibit F) the Lolo Elementary School and Lolo Middle School. Both of these schools are used for many community events, as well as for Booster Club meetings and a board room.

In the final exhibit, Exhibit G, please note that the population within the 70 dBu contour is 71,367, while the city of Missoula, as previously stated, contains 42,918. There still remains, outside the 70dBu contour, a population of 28,449, or 40% (rounded to the nearest tenth of a per cent), that reside outside of the city of Missoula, yet within the 70 dBu contour, certainly more than enough people to be served with a new FM aural service, but in particular, those in the largest community within a 45 mile

radius of Missoula, that being the proposed allotted community of Lolo, Montana.

In conclusion, Hawkeye Radio Properties, Inc. respectfully requests that the instant petition be granted and that the FM Table of Allotments, Section 73.202(b), be amended as requested herein. If this proposal is ultimately adopted, Hawkeye Radio Properties, Inc. will promptly apply for authority to construct and operate a new radio station at Lolo, Montana.

I, Dale A. Ganske, President of Hawkeye Radio Properties, Inc., hereby certify that I have on this 6th day of November, 1997, sent via next day Express U.S. Mail, this original and 4 (four) copies of the foregoing "Comments" to the following:

Mr. William F. Caton  
Acting Secretary  
Federal Communications Commission

## EXHIBIT B

## Local Calling Area

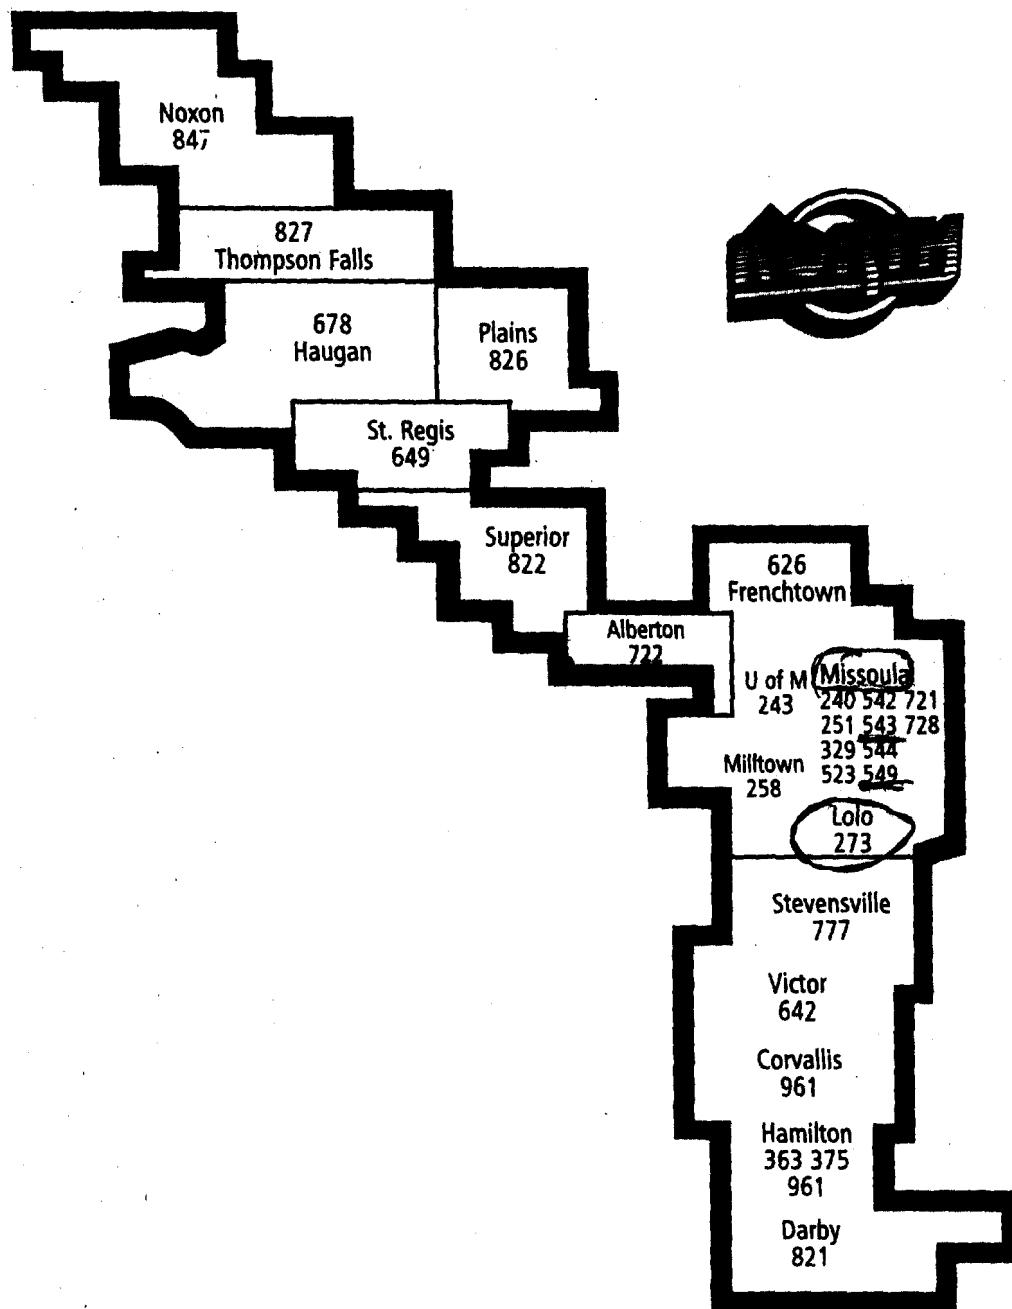

**Missoula and Western Montana**

*The diagram on this page shows the general location of communities and telephone numbers, by prefix, included in this directory. Your telephone prefix is the set of three numbers in your telephone number; for example, if your telephone number is 243-0000, your prefix is 243).*

The diagram also shows nine distinct areas, or exchanges.

Calls placed to any number with the same prefix or in the same exchange are local calls. Dial only the listed number. Calls placed to any number outside your exchange are long distance calls. Dial 1 + the area code + the listed number follow the dialing instructions of your long distance company.

For more information on placing calls outside the area shown, see the "Long Distance Calling" section, beginning on page 46.
